## Being a good neighbor & dog owner

Leaving your pet's number  
2 behind on walks  
(sidewalks, neighbor's  
yards) is not only creating  
a potential mess for  
someone to step in, but  
also poses certain health  
risks too, did you know  
dog waste carries bacteria  
and parasites, like hookworms?

These parasites can be passed to other dogs if  
sniffed, touched or ingested. And, people may  
come into contact with these parasites and also  
experience some sickness as a result.  
To take care of your dog's business while  
out on a walk, "**pick it up in a waste bag,  
tie or fasten it closed, and then toss it in  
your trash can when you get home.**"

**WE WANT YOU**  
TO PICK UP THAT POOP

## MAY 2018 CHCA MEETING

We can report in general that the Spaghetti dinner was a hit with everyone. Mae, who chaired that committee, did a great job of decorating the tables and making sauce. D.J. and Helen helped make it a success. I watched the water boil. Yumm. Thanks to all that pitched in to make this a great event.

According to our excellent treasurer, Terry, there were approximately 18 paid memberships and hopefully some will step up before the next meeting. Non-profits are required to have membership fees, and we are off to a good start.

According to the Corporate by-laws newly elected officers assume their duties June 1st. It is going to be an adjustment, but the Capitol Heights Civic Association, Inc. Corporate Articles and Bylaws is law. These laws are what we must follow or vote to change since we have voted and paid to reinstate our tax-exempt status.

Please bear with us as we work through this process and settle in to our new roles for the association.

I will send out an agenda June 1st since I have been working on getting the grant finished and submitted. We should know how we did with the NNO grant at the next meeting as well. I hope to see all of you soon.

Gene

### McBride-Screws-Tyson House

**333 Mildred Street in Cottage Hill**

**Free Admission**

**10 June 2018, 2 pm - 3 pm**

Join us as we visit the McBride-Screws-Tyson House, more commonly referred to as Tyson House. This Greek Revival house is one of a very few remaining antebellum mansions that were once located in Cottage Hill, Montgomery's first suburb. After the Civil War most of the mansions were converted into rooming houses and later demolished to allow for infill of modest homes. Jeff Benton will give a short talk about the house's history and architecture before the ground floor is opened for guests.
